

RAMANATHAN NACHIAPPAN

1517 Spring Water Way, Highlands Ranch, CO-80129 | 480-359-9936

ramssn@gmail.com | [LinkedIn](#) | [Github](#) | [Medium](#)

Highly Accomplished Lead Software Engineer with 10+ years of experience specializing in Platform Engineering, Cloud Platform and Governance, and Agentic AI Development. Proven track record of architecting enterprise-scale solutions at GoDaddy and Amazon, including modernizing legacy infrastructure and pioneering autonomous multi-agent AI systems.

TECHNICAL SKILLS

Languages, Frameworks and Databases	Python3 (FastAPI, Flask, Pydantic, boto3, typer, rich), Java (Spring Boot), Typescript, Github Actions, Jenkins, TaskRunners (make, mise), mkdocs
Agentic AI	AWS Bedrock, LangChain/LangGraph, CrewAI, Claude Agentic SDK, FastMCP and RAG
Certifications	AWS Certified Solutions Architect, AWS Certified SysOps Administrator
AWS Services	Organizations and Account Management, CloudFormation, Service Catalog, VPC, Cloudwatch, Cloudtrail, S3, SQS, SNS, EC2, IAM, DynamoDB, API Gateway, Lambda, Load Balancers

PROFESSIONAL EXPERIENCE

10 YEARS

- **Software Development Engineer IV (Lead) | GoDaddy Com LLC** | Jul/2023 - Present
Software Development Engineer III (Senior) | GoDaddy Com LLC | Apr/2022 - Jun/2023
AI Agentic Development: Architecting and building autonomous **multi-agent systems (CrewAI, LangGraph)** to modernize legacy infrastructure, including a custom engine that **upgraded 26,000+ resources with 85% time savings for developers** (earning **CTO recognition** “patching largest tech debt in company history.”).
Platform Engineering: Owned the company-wide AWS Service Catalog app ecosystem (250+ products) for 4 years, delivering standardized infrastructure blueprints that accelerated software development for thousands of engineers across all of GoDaddy.
Cloud Governance: Designed and implemented Stack Safeguard (SSG), the enterprise governance framework utilizing CloudFormation Hooks, CDK Aspects, and IAM/SCP policies. This framework injects security guardrails into Infrastructure-as-Code (IaC) and validates them to ensure governed resource deployments to the cloud.
Leadership: Authored the **AWS Official Blog** post “[Beyond Bootstrap: Bootstrapless CDK Deployments at GoDaddy](#)” and mentored engineers to foster technical excellence.
- **Software Development Engineer | Amazon Data Services INC** | Aug/2020 - Apr/2022
Distributed Polling Systems: Developed and maintained a global polling system using Python and DynamoDB to capture real-time telemetry from critical data center infrastructure (BMS/EPMS) across AWS regions.
Full-Stack Development: Built scalable features for the quote-to-contract platform used by AWS Sales, utilizing Java, TypeScript, and ReactJS to support private deal workflows.
- **Software Development Engineer 2 | GoDaddy Com LLC** | Jan/2019 - Aug/2020
Cloud Platform Engineering: Automated AWS landing zone account creation and management across the enterprise, streamlining cloud onboarding. Implemented core IaC patterns (Networking, IAM, Security, Service Catalog, CloudFormation) adhering to corporate security.
Cloud Artifacts Management: Designed and implemented an optimized AWS Lambda mono repository for automated system operations across all GoDaddy AWS Accounts
- **Software Engineering Intern | Paradox LLC (Acquired by Workday)** | Sept/2018 - Nov/2018
Designed and deployed a job search API service end-to-end using Python Django and ElasticSearch Service.
- **Summer Analyst | Goldman Sachs & Co** | May/2018 to Aug/2018
Developed a live credit usage internal dashboard using Java, Gradle, Apache Kafka, and ReactJS. Implemented Test Driven Development (TDD) utilizing the Groovy Spock Framework to ensure code reliability.
- **Software Engineer | Trimble Information Technologies India Private Ltd.** | Jun/2014 - Dec/2016
Built APIs to integrate major construction products (Trimble Connected Community, Trimble Connect) into a unified customer platform. Developed RESTful web services using Java Spring MVC and Jersey Framework;

EDUCATION

MS in Computer Science | Arizona State University | CGPA: 3.77/4.0 | Jan/2017 - Dec/2018

BE in Computer Science | Anna University, India | CGPA: 8.64/10.0 | Aug/2010 - Apr/2014

University rank 37 out of 8000 students | Merit Scholarship Award for outstanding performance
